RE: Registration of Application Number: MDRCE04OZ

Dear Mr. William Clark:

This letter confirms your authorization for coverage under the 2014 General Permit for Stormwater Associated with Construction Activity (MDRC) for discharges into:

Lower Chesapeake Bay (02139998)

In signing the eNOI, providing Certification of an approved Erosion and Sediment Control (E&SC) plan and paying the permit fee, you have certified your agreement to comply with the terms of this permit for:

Breezy Point Park - Shoreline Re-establishment Project

Issued to

Calvert Soil Conservation District

for

4.00 acres

at property located at

5300 Breezy Point Road Chesapeake Beach, Maryland 20732

The permit coverage is identified by the Registration Number MDRCE04OZ. This coverage will continue under the terms of the General Permit until the permit is renewed by MDE (Part VI.B).

You should print the full permit text by going to MDE's website or from this link "[mdewwp.page.link/CGP](#)". You must become thoroughly familiar with the content of the permit and post a copy onsite. A summary of the permit requirements and provision are provided below:

In addition to stormwater associated with construction activity, Per Part III.A.4 of the permit, non-stormwater discharges from: dewatering from construction excavations, which must be managed by controls in accordance with the 2011 Standards and Specifications for Soil Erosion and Sediment Control (ES&C); fire fighting activities; air conditioning condensate; uncontaminated spring water; and foundation or footing drains where flows are not causing an erosive condition or contaminated with process materials such as solvents are permissible. Any discharges not authorized by the General Permit may require additional permit coverage (Part III.A.3).

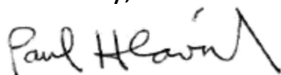

The permit requirements include:

- (Part III.C) Notification requirements in the event of a hazardous substances or oil spill on-site.
- (Part III.D) Training requirements of all site personnel to understand aspects of permit and plan compliance relevant to their specific duties.
- (Part IV.A) Effluent Limitations, including selecting, installing, implementing and maintaining control measures (i.e., BMPs, controls, practices, etc.) at the construction site that minimize pollutants in the discharge, as well as requirements to modify controls or ceasing those discharges as required.
- (Part IV.B) Prevention of the discharge of sediment to surface waters, or conveyance systems leading to surface waters, including required corrective actions and on-site documentation.
- (Part IV.C.1) Mandatory inspection and frequency requirements.
(Part IV.C.2) Requirements for posting information regarding this registration.
- (Part IV.C.3) Onsite record maintenance, including that the approved E&SC plan, the approved stormwater management plan, a copy of the general permit, the eNOI and a copy of this registration letter.
- (Part IV.C.3.b) Written report requirements including use of the form as provided by MDE (available on MDE's website "[mdewwp.page.link/CGP](#)") as a fillable Microsoft Word form and as an Adobe Acrobat file.
- (Part IV.D) Upon request, reporting requirements that may apply to you.

Remember to contact the compliance program to schedule a preconstruction meeting 2 weeks prior to starting construction. If the current E&SC plan approval covers only part of the entire site, be advised that this registration does not authorize discharges from the other portions for the site until the appropriate E&SC approval authority approves the E&SC plan for those portions. The responsible party is required to submit any Modifications to this coverage, Transfers of Authorization, or Notices of Termination via the ePermits portal. If your contact information changes, update it through the ePermits portal.

If you have any questions, please call the administrative team for the General Permit at (410) 537-3019.

Sincerely,

Paul Hlavinka
