MEMORANDUM

TO: WILLIAM CLARK – CALVERT SOIL CONSERVATION DISTRICT MANAGER
FROM: DOUGLAS OSTAZESKI, PE – ENGINEERING DIVISION CHIEF 
SUBJECT: SWM WAIVER FOR BREEZY POINT LIVING SHORELINE RE-ESTABLISHMENT PROJECT
DATE: OCTOBER 31, 2019
CC: FILE

This department has reviewed the plan for the above referenced project per the Calvert County Road and Stormwater Management Ordinances (CCRO and CCSWMO) and the Calvert County Construction Standards for Roads, Streets and Incidental Structures (CCCS).

The project involves the construction of a living shoreline along a portion of the beach at Breezy Point Park to re-establish the shoreline and prevent further erosion.

Stormwater Management for this project is waived based on the following:

- The nature of the project, re-establishment of the shoreline and prevention of erosion, provides for management of stormwater
- The project does not propose any impervious area
- Any ground disturbance, not creating additional land, will be restored to original conditions
- The project does not result in adverse hydrologic or hydraulic conditions
- The project can be considered maintenance
